

RAIN GOD IN KAU DID SOME DAMAGE

Most Violent Storm Experienced
There in Years.

THE HALL'S ROUGH PASSAGE.

Made Panalua by Gauging Time—Passengers Could Not Land—Mr. Searle Shoots at the Wrong Game—Dollaway Deafens a Slander, Etc., Etc.

By the steamer W. G. Hall yesterday was received a letter from a resident of Kau, who gives a full account of the recent severe storm in that district. It is published in full below:

"The Rain God you gave us a story about in a recent number of the Advertiser has been getting in some very good work and it all came about in this peculiar way:

"As you are aware we were having a very severe drought here in Kau, and things were in a desperate state when John Searle of Hilea, who was getting very short of water at the mill, took his wife and went up into the mountains for the purpose of shooting cattle (so he said). He fetched up in the vicinity of the Rain God, but the old unanny witch who frequents the place was not present. Wishing to try his rifle before shooting at cattle, he drew several beads on the Rain God.

"Well, on Saturday night and Sunday morning, August 15th and 16th, Kau had one of the most severe storms of rain, lightning and thunder. It was something terrible. The lightning we had was the worst seen here even by the oldest inhabitant of the place. No one seemed to be safe, as it played all around our houses.

"Between Naalehu and Pahala seven-teen poles were struck and seven were smashed to pieces, disabling the whole system and setting people to wonder when the end would come. Several of the instruments were likewise slightly injured.

"Joseph Pritchard deserves great credit for his promptness in getting to work on the repairing of the lines.

"You will be given some idea of the business like work of the storm when I tell you that at Naalehu three inches of rain fell in one hour, and at other places seven inches in six hours. There was simply just one blinding sheet of water for several hours, continuous in its downpour.

"Pahala and the other Kau plantations have been crying for water. Well, they've got it, but in a somewhat more violent form than they anticipated.

"The natives in the district say that Kaamau was angry at Mr. Searle for daring to fire upon her, and that he tried to wash him out. Reports give it out that he was nearly drowned at one time. It seems Kaamau had experience with the gentleman before.

"Some two years ago Mr. Searle knocked off a piece of Kaamau's head as he wanted to compare the rock with some others, having made a claim that the Rain God was composed of strange kind of lava. He came nearly paying dear for it, as Hilea was nearly washed out. Tons upon tons of rocks were washed through his beautiful garden, some of them weighing a ton alone. The natives told him at the time that Kaamau was seeking vengeance.

"The W. G. Hall experienced one of the worst storms she has ever had since starting on the Kona and Kau route. While coming up along the Kona coast delightful weather was met with. Captain Simeron was notified from Kau that it was very rough along this coast.

"As he approached South Point he saw no indications of a storm, and concluded there must have been some mistake about the telephone message. But he had no sooner rounded the Point than he struck some of the worst weather he has ever experienced. It came upon him so suddenly that he was sure he had been struck by a tidal wave.

"At 4 a. m. Sunday he was off Punalua, but on account of the storm he was unable to distinguish the light, or even any part of the land. It was 7 o'clock before the Hall could distinguish land, and when it cleared up a bit she was off Punalua. It was entirely too rough to land passengers, so they had to remain aboard until 12 m., when the sea subsided somewhat and they were able to get ashore.

"The passengers were not in the least alarmed, as they knew they were in the hands of an able captain.

"From the land people say that it looked very much as if the Hall had been struck by lightning once or twice. Early Sunday morning, before she had come to anchor in her usual place at Punalua, Deputy Sheriff Yates was riding along from Honouliuli in the vicinity of Punalua Church. All of a sudden there was a blinding flash of lightning along the lava, which shot out right toward the large buoy to which the Hall ties up.

"The roads were washed out badly. The Peter Lee road is in a very bad condition, and ought to be attended to at once.

"Some unscrupulous person has been circulating a report that Walter Dollaway charged \$1 for a bucket of water during the drought, and is now kicking because his business has been interfered with.

"For several days large volumes of steam have been seen issuing from Mokuaweoweo. This may be a forerunner of another outbreak. Some of the Kau people are hoping so, anyway."

Lucy Provided For.

In the Circuit Court yesterday morning Messrs. Magson & Edging, attorneys for Lucy in the habeas corpus proceedings, upon being assured by the authorities that Lucy, the Chinese girl, would be released, asked leave of

the Court to discontinue further proceedings in the matter, which was allowed by the Court. As the case was one of charity, the Court remitted all but actual costs. Lucy was thereupon promptly released and was provided for by her attorneys.

AN OLD RESIDENT DEAD.

H. S. Tregloan Dies Sunday Afternoon at an Advanced Age.

H. S. Tregloan died at his residence on Beretania street at 4 o'clock yesterday afternoon from chronic stomach trouble and advanced age.

He was born in Cornwall, England, in 1822. He came to this country from the United States about seventeen years ago, and established himself in the tailoring business at the corner of Hotel and Fort streets, and continued until the time of his death.

He was a devout Christian, attending the Central Union Church up to the time the Methodist congregation was established here. He has been a trustee and active in the work of the latter church since its beginning here. He leaves a widow and two sons here and several children in the United States.

Hilo Business Booming—Sheriff's Horse Runs Awa—Pleasant Severance Reunion—Jimmy Hayes Driving a Hack—Baseball Scores—Notes, (Etc., Etc.)

(Hilo Tribune, Aug. 15.)

There was a sociable meeting at the Severance home at Wai'anene street last Thursday night. Miss Helen Severance was the amiable hostess of the occasion. There were a series of games of different kinds played. Professor Henshaw received the first prize, the second being awarded to Miss Richardson. The "booby" prizes fell to the happy lot of Mrs. E. D. Baldwin and Dr. W. L. Moore. A piano duet by Mrs. Turner and Mrs. Baldwin greatly delighted those present. Mr. J. H. Bole gave some choice readings on various topics. There were solos rendered by Mr. Levi Lyman and Miss Willis. After this refreshments were served and Miss Severance's pleased guests, to the number of about thirty, departed for their homes.

Captain Rocks, of the Roderick Dhu, informs us that during his "on shore" at San Francisco the largest portion of his time is taken up in answering questions about Hilo, coffee, pineapples, prices of land, climate, etc. The genial captain is catching the fever himself and says he will, in all probability, purchase a piece of land and set out a coffee plantation just as soon as he can arrange it. We hope so.

Kilauea is still active and pretty much so at that. The latest news from the Volcano House states that yesterday sixteen fairly large fountains were playing at one time. There are quite a number of people up there. Among those to remain a week or more are Mr. G. P. Wilder and wife, D. H. Hitchcock, Jr., Miss Marie Atkinson, Miss Zoe Atkinson, Miss Julia Perry, Miss Astell, Mr. Rumber, Misses Bond (2), Mrs. Renton, Mr. H. Deacon, wife and three children, Miss Dillon and Mr. Bruce Cartwright.

The Hilo baseball team has challenged the Olua baseball club. No time has been set up for playing. The game will be played in Hilo and the return one will probably be in Olua.

A dance was promised the victorious boys of the Hilo baseball team on the occasion of their beating the Hawaiian boys 38 to 28. They are anxiously waiting for the promised treat.

Mokuaweoweo is again reported active. Several city people have witnessed smoke on the summit of Mauna Loa. The Volcano road was completed and the first carriage party arrived at the Volcano Hotel on October 21, 1892. Sheriff E. G. Hitchcock's carriage, while driven by the family servant on the Kamehameha road, was badly broken up last Wednesday morning.

Jack Hayes, clown and all round man of the Wirth's and the Hawaiian circus, is now driving a hack for the Hilo Stables.

The cane season is nearly finished. Near \$2,000,000 worth of sugar has been exported from Hilo direct to Frisco since February 15, 1896.

We should so live and labor in our time that what came to us as seed may go to the next generation as blossom, and that what came to us as blossom may go to them as fruit. That is what we mean by progress.—Henry Ward Beecher.

A Remarkable Cure for Chronic Diarrhoea.

In 1862, when I served my country as a private in Company A, 15th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50-cent bottle, and now I can say that I am entirely cured. I cannot be thankful enough to you for this great remedy, and recommend it to all suffering veterans. If in doubt, write me. Yours gratefully, Henry Steinberger, Allentown, Pa. WHAT FISH YOU MAY EAT AND ENJOY

Inspector Keliipio Furnishes a
List.

ABOUT FIFTY-ONE VARIETIES.

Suggestions From Minister Smith. Four Different Ways of Cooking. The Japanese Lead in Good Fish. Tastes of People Here Run to Mullet.

Honolulu has had something of a reputation for having good fish, but according to Hon. W. O. Smith the people do not know a quarter as much about that diet as they should. During a meeting of the Board of Health recently, while commenting upon the report of Inspector Keliipio, he remarked that the Japanese in Japan were far ahead of us in the matter of fish, so many different species of the fish he saw and ate there are generally ignored by foreigners here, the tastes of the people here running to mullet.

At the close of his remarks it was suggested by a member of the Board that the representatives of the newspapers secure a list of fish sold in the local market that are suited to the taste of the foreign population.

Inspector Keliipio has kindly furnished the following list to the Advertiser, showing the names of fifty-one fish and the way they may be cooked:

BOILED—Kumu, Weke, Nenu, Kala, Pauu, Uluu, Ulu, Paopao, Omilu, Oku, Kahola, Ulaula, Aka, Mahimahi, Ono, Aawa, Maikoiko, Malolo, Pualu, Palani, Amaama, Awakalamoho, Kawakawa, Ahi, Ula, Aloalo, Ulapapapa, Kihonu, Moala, Opakapaka, Kapupuu, Akule, Omaka.

BAKED—Uluu, Paopao, Omilu, Uku, Kahola, Ulaula, Aka, Mahimahi, Ono, Malolo, Amaama, Ahi, Opakapaka, Kapupuu, Akule, Omaka.

LAWALUED—Kumu, Weke, Mol, Aweo-weo, Uu, Pauu, Uluu, Moano, Paopao, Omilu, Hilo, Uku, Kahola, Ulaula, Aka, Mahimahi, Ono, Malolo, Amaama, Awakalamoho, Ahi, Opakapaka, Kapupuu, Akule, Omaka.

MOALA—Uluu, Paopao, Omilu, Uku, Kahola, Ulaula, Aka, Mahimahi, Ono, Malolo, Amaama, Ahi, Opakapaka, Kapupuu, Akule, Omaka.

THE OLD GREEKS Had an eye for the beautiful. The Greek word Kosmos, taken in one sense, means ornamental; while Kosmetikos translated means skilled in decoration; and Kosmeo means order. For this reason the name

COSMEON WARE

has been given to a line of pure Aluminum odds that we handle comprising,

Hair Brushes, Combs, Hand Mirrors, Trays for the Toilet Table, And innumerable small articles

usually made in silver at higher prices. The entire surface of these articles is unchangeable, and never tarnishes, even should it come in contact with water. The articles have the appearance of frosted silver, and are as light as a feather. All these qualities taken together give the ware that delicate grace that lovers of the beautiful admire so much. The engraved part is all hand work by skilled artisans. The filigree ornamentation, in point of style, is unique and classed with high art.

COSMEON WARE is just as wonderful as the aluminum it is made out of, and the world is never done talking of the wonderful qualities that valuable metal possesses. We have a large assortment on hand, tastefully laid out for inspection. Just the thing for presents to sweethearts and wives.

AGENTS FOR HAWAIIAN ISLANDS:

HOLLISTER DRUG COMPANY Limited.

What Is PURIFINE? It is the new disinfectant which has superseded all other disinfectants, being a scientific compound having no odor, yet possessing the qualities of a powerful disinfectant.

The automatic distributor should be placed in every house in Honolulu where odors and germs of disease exist. They are placed free of charge, taken care of and kept working day and night for \$1.00 per month. It's an innovation, but on scientific principles, and appeals to everyone of common sense. The idea is this: The distributor drops two drops a minute, day and night. Foul odors are killed, yet no disagreeable smell of carbolic acid or crude disinfectants takes its place. You don't know that a powerful disinfectant is being used if you judge by the lack of odor. But it's doing the duty—doing it well. Can we show you the "Idea Automatic Distributor"?
